POSTER PRESENTATION

ABOUT

Inside the poster presentation event, poster should be give idea of your computer science topic or application. You have to come up with poster that you have made it. Judges will come to your place, you have to explain your poster to them and based on your presentation they may ask you the questions regarding your poster presentation.

WHY POSTER PRESENTATION?

Posters offer the opportunity to engage with other attendees who are interested in the same subject and application as you. Also, it's developed your presentation skill as well as gives you a chance to represent your point of view (application) to judges as well as to other people. Another good reason to present a poster is that you can expect to receive compliments on your work and critiques that can help you in the future.
